

RUN

Remember You Must Always Be Prepared to Run

Preparation to run must start the day you get married, the day you meet your boyfriend, the day you break up with your husband or boyfriend. You must always be prepared to run. This means you keep a savings account unknown to everyone and I mean unknown to everyone including your mother. You add money to this account every month. I don't care if it is one or two dollars. Money adds up. Do not have the bank statement come to the house. It is to remain forever hidden. I don't care how sweet your husband is or how considerate and nice your boyfriend is you must make one life saving assumption – **you must assume your husband or boyfriend can change.** Assuming that your husband or boyfriend can change can be a decision that may save your life. **Men change all the time, for a new girlfriend a better life. He can change if you become pregnant. He can change when he reaches the age of 50. He can change if his business is failing. He can change if he takes up with another woman. Knowing that men change, you need to be prepared to run when they change.** Assuming that the man in your life can change should cause you to change now and plan for your safety and the safety of your children. When men change they will kill the wife and the children.

Keep your car in working order I don't care if you have to stop eating. Keep your car in working order. Keep clothing rolled up in your trunk for you and your children. Ask someone that has been in the military they can tell you how to roll clothes for storage. Keep snacks in the trunk two large flash lights and batteries and four blankets. These items can be camouflaged. No one will know what they are. Think you need birth certificates, school records- he can track you if you use his medical insurance or you pay your bills using your new address. Instruct your children to say nothing while living in a shelter. Play the game called amnesia. You have no siblings. Your parents are dead. You are sickly you have no friends.

You need to find organizations that hold meetings for abuse women. You need to attend these meetings. Why! So you can learn what these women went through to get away. So you can learn how to survive. Lack of knowledge is no excuse for failure. Failure in your case will be the loss of your life and the lives of your children. The lives of your children depend on the decisions that you make

and the decisions that you do not make. Make the right decision. Always be prepared to run. Keep your mouth shut. No one has to know what you are thinking or doing. Do not think your mother or best girlfriend do not gossip. They do. So if you tell them of your preparation everyone will soon know of it. When you leave, leave. You do not have to tell your husband or boyfriend you are leaving. To put it brutally frank telling your husband or boyfriend that you are leaving and where you will be or are going is stupid. I can give you a list of names of women who were murdered after telegraphing they were leaving. Keep your mouth shut, plan then leave. When I say leave go to another state or country. Let him file for a divorce. Do not think you are going to be treated fairly in divorce court. Some of these judges are members of the Christian Taliban. They believe in forcing women to marry their rapist or to share custody with children of rape. Their god is the god that pays for their political campaign. Women and children have been killed because judges would not let the women **leave the state**. When the women and or children are killed you can't find one judge to stand before a camera. They hide in their chambers hoping the murders will blow over. These judges are not afraid of you because you do not have any money or political power. This is why it would be smart to start your preparations to leave at the beginning of the relationship then you will be prepared to leave at a moment's notice. And do not go back. Do not go back for your clothes, favorite picture etc. Nothing! When you leave head for another state. A man killed his wife's entire family so he could get the opportunity to kill her at their funeral. He killed her family because he could not find her. Do not let anyone tell you that if you start making preparation to leave at the beginning of the relationship you have no faith that the relationship will succeed. That is poppycock. You prepare for war during peace time and you sleep with one eye open when wed. Did you know Sojourner Truth had a child with her when she ran from her slave owners? If Sojourner Truth could run from her slave owners surely you can run from your possessive boyfriend or husband. You just have to be smart about it: plan organize then leave. If you never have to run leave your bank account to your daughter so she can be prepared to run.

Do not argue. Never say you are leaving. Make no move to take any of your possessions from the home. Just leave when his back is turn and never return.

Leave the state.
